I'm so happy about how our wedding was so perfectly executed even though there were so many details involved!!

And all the photos are SO SO PRETTY?!? Hubby and I can't stop looking at them haha.

Manna Pot Catering just sent me this and I told them I wanna keep it (cos the dome is mine) ǒ???

My initial idea was to put a rose (like Beauty and the Beast) but I suggested changing it to a dark blue rose instead to fit the Cinderella theme. In the end, they chose this which I thought was way better than any of my suggestions!

Seriously, am super duper thankful for all the hard work Manna Pot put into my wedding. All my guests commented everything was so classy and food tasted so good!

Our tradition of always eating a Singaporean breakfast before we fly, each and every time. I love my soft boiled eggs and kaya toast ok!

HELLO SWITZERLAND!!!

I love the cheese and chocolates Swiss Air gives!!! Hubby took extra for me hehehe

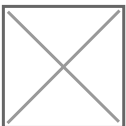

On our very slowwwwwwwwwwwwwww water taxi to San Marco.

We were almost late for our ride because silly me thought I saw the boat tickets for 8 euros when it was 15 instead, so we walked back and forth just to double check ö?? inner budget babe taking the lead sorry. So husband decided he'll do a jog and push me on the trolley on the way back to the taxi as we only had 10 minutes left for boarding!

Yep we made it. He shortened the 8 min bridge walk to a 3 min jog lol ö???

NOT photoshopped (unlike that guy who faked it for the Nikon contest lol) I whipped out my phone in a hurry to take this!!

Haven't figured out what this is but never mind, pretty just snap ö???

Husband and I, finally minutes away from our hotel after travelling for 24 hours!!

Our comfy bed and breakfast place! Run by a handsome Italian 28-year-old called Stefano and his younger brother whom we've yet to meet.

Oh, minutes after we arrived, someone banged down the main door until it broke from the hinge?!? ð??§ how inconsiderate leh, seriously.

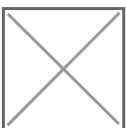

Had to pay 24 euros in city tax before we could enter our room. Aiyo. Almost like our version of GST maybe?

Beautifully painted masks are everywhere here in Venice! I really wanna get one but it'll be a pain carrying it around with us cos we're backpacking with no roller luggage ð??•

Still very much in awe of this quaint little city where there are no cars â?? you either walk or take a boat ride. How pretty is the grand canal?!?

Our 23 Euro dinner â?? seafood risotto with sea bass and grilled vegetables (actually just one slice of tomato and eggplant ð??). I thought the risotto was too salty, but hubby liked it!

The river canal is so gorgeous at night! Hubby and I spent another hour walking cos the lights made it look so pretty.
