1 year later	\$9,479
5 years later	\$7,651

How you can get 5% p.a. guaranteed* for 4 months

Description

Is moomoo SG's latest "5% p.a. guaranteed" offer legitimate? How is it possible that they are able to guarantee returns on an investment product, even if it is a low-risk one? I review it in this article to help you guys see whether this is safe and worth your time.*

Some of you may have already seen it by now – the unbelievably compelling "5% p.a. guaranteed returns for 4 months" moomoo SG advertisement banner that has been making its way around the Internet.

Sidenote: moomoo SG uses the exact term "return rewards", which essentially refer to the same thing i.e. the returns you can get.

Step 1

**Go to Funds > Top Banner
> Click "Claim Now"**

At first glance, it sounds dubious indeed. After all, how can *anyone* guarantee a 5%* p.a. return? *How* are they doing it? And more importantly, *what's the catch* if you join?

I had the same concerns, so I checked in with the moomoo SG team (which culminated in this article to address all of your questions about the offer).

Disclosure: The article contents below are written in collaboration with moomoo SG, to ensure an accurate representation and breakdown of their product is provided.

How to score 5% p.a. return rewards for the next 4 months

For those who are unaware, moomoo SG is now promising a ["5% p.a. guaranteed return rewards for 4 months"](#) for new users which starts this month (Nov 2022).

All you need to do is to:

- Sign up for a moomooSG universal account
- Deposit >S\$100
- Invest (click "subscribe") in any of the 2 participating funds on moomoo Cash Plus

Important note: you will have to click on the right campaign tab to be entitled

default watermark

Step 2

Choose a Fund

For a limited time, we are giving a top up on your choice of fund invested through moomoo Cash Plus. Get your returns boosted to 5%*p.a. Pick your choice of fund to enjoy return rewards on your capital.

+5.0%*

p.a.

Fullerton Cash Fund

+5.0%*

p.a.

CSOP USD Money Market Fund

[Details](#)

Extra Yield Version

Pick a fund (upsized version) based on your preferred currency

default watermark

Step 3

The screenshot displays the 'Fund Details' page for the 'CSOP USD Money Market Fund'. The fund is identified by the ticker 'SGXZ96797238' and is labeled as 'Extra Yield'. The estimated 7-day annualized yield (APY) is shown as +5.0468% as of 11/17/2022. The user's investment of 1.3800 units is shown to have returned 10k. A comparison table shows the 7-day APY of +3.2583% for the standard fund and +1.7885% for the 'Extra Yield' version. A legend at the bottom indicates that the green bars represent 'With Extra Yield' and blue bars represent '7-Day APY'.

Metric	Value
Est. 7-Day APY (11/17/2022)	+5.0468%
7-Day APY	+3.2583%
Extra Yield	+1.7885%

Eg. If you have selected CSOP, the orange <subscribe> button

The indicative 7-day annualized yield is derived from the past performance of moomoo cash plus and should not be viewed as an indicator of future results

If this is your first time hearing about moomoo Cash Plus, [you can check out this article where I explain how it works](#), and what / where your money is being invested into. For this campaign, you can choose either the Fullerton SGD fund or the CSOP USD fund.

Or, if you're already familiar with how cash management products work but you're skeptical on [how they fare vs. your other options like the Singapore Savings Bonds or MAS T-bills, you can also read my comparison article here](#).

There are **only 700+ places left** (at time of publishing) so the good news is that if you're reading this article early enough, there's a good chance you can make it in time.

The 4 months reward period start from 17 November 2022 onwards, and will **end on 17 March 2023**.

How much can I earn?

You are allowed to deposit anywhere between S\$100 – S\$10,000 into the participating funds within moomoo Cash Plus during the promotion period to take advantage of the 5%* p.a. return.

The 5%* p.a. return rewards is guaranteed by moomoo SG, which means that regardless of the fund performance during the 120 days, moomoo SG will step up to pay out the yield difference so you as a user will still get the full 5% p.a.

This is even higher than *all* other capital-guaranteed tools in the market ([see here](#)) right now, so if you wanted to take full advantage of it, depositing the maximum allowable amount of S\$10,000 will give you S\$164:

Your maximum profits = \$10,000 x [(5% divided by 365 days) x 120 days] = S\$164.

(Per annum = 365 days; 1 month = 30 days)

 moomoo | 10th YEAR

SCORE 5%*
GUARANTEED

*T&Cs apply separately for each events. Investments involve risk. Full disclaimers at www.moomoo.com/sg/support/topic5_510
This advertisement has not been reviewed by the Monetary Authority of Singapore.

Rewards will be accounted for on a daily basis until 17 March 2023 or until whenever you decide to fully redeem your money from the participating funds in moomoo Cash Plus, whichever is earlier.

Remember, you still have liquidity control when your funds are here, which means you can redeem / take out your funds for other usage as and when you need to.

Do I need to do anything when this ends on 17 March 2023?

No, when the promotion period ends, it is up to you whether you wish to continue letting your funds work for you in the participating funds for moomoo Cash Plus, or to redeem and take them out.

There will be no automatic redemption for you (except in the rare event that the underlying fund has a negative 7-day annualized yield).

Should you choose to leave them as it is, you will continue to enjoy the original income payouts of the fund. [Read this again for a recap on what that will mean.](#)

What if I'm already an existing user?

This was my question to the moomoo SG team, as I've already been a long-time user of their app since their launch in early 2021 ([see proof here](#)) and hence won't be eligible for a "new user" offer.

However, while existing users won't be automatically entitled to the 5% p.a. (annualized) return rewards, we can still *earn* our way towards it by referring a friend. And this is where I'm going to teach you a hack that no one else knows about yet!

- Refer 1 friend between now – 16 Nov
- Refer (up to 6) friends between 17 Nov – 31 Dec

Doing so will thus earn you the 5% rewards for the maximum allowable total of 240 days!

For existing users, simply refer a friend to score the boosted 5% p.a. rewards

Even if your friend simply signs up for an account but does not deposit \$100 or more, you will still be eligible for the rewards.

But of course, once you've explained how the 5% p.a. guaranteed return rewards work, your savvy friend will most likely want to deposit and claim it for themselves as well.*

Here's the profit calculation table (provided by moomoo SG):

	New Users	Existing Users
Pre-Campaign 1/11 – 16/11	Maximum Investment: S\$10,000 $S\$10,000 \times [(5\%/365) \times 120] = S\164.38 + New User Promotions: S\$20 S\$2 cash coupon for 10 days (total S\$20) with a minimum of S\$100 investment into moomoo Cash Plus Total Rewards after 120 days: <u>S\$184.38</u>	Maximum Investment: S\$10,000 Maximum Referrals: 1 $S\$10,000 \times [(5\%/365) \times 120] = S\164.38 + New User Promotions: S\$20 S\$2 cash coupon for 10 days (total S\$20) with a minimum of S\$100 investment into moomoo Cash Plus *Limited to 1 Referral Total Rewards after 120 days: <u>S\$184.38</u>
Campaign Period 17/11 – 31/12	Maximum Investment: S\$10,000 $S\$10,000 \times [(5\%/365) \times 90] = S\123.28 + New User Promotions: S\$20 S\$2 cash coupon for 10 days (total S\$20) with a minimum of S\$100 investment into moomoo Cash Plus Total Rewards after 90 days: <u>S\$143.28</u>	Maximum Investment: S\$10,000 Maximum Referrals: 6 $S\$10,000 \times [(5\%/365) \times 240] = S\327.40 + New User Promotions: S\$20 S\$2 cash coupon for 10 days (total S\$20) with a minimum of S\$100 investment into moomoo Cash Plus *Limited to 6 Referrals Total Rewards after 240 days: <u>S\$347.40</u>

Note: for existing users, you can stretch your last day for the boosted 5% p.a. to 240 days instead if you make the maximum of 1+6 referrals (1 during the pre-campaign period, and 6 during the campaign period). Each successfully referred friend will give you the 5% booster for 30 days.

TLDR: Do this to secure 5% p.a.

If you're feeling overwhelmed by the details above, don't worry; here's a simplified summary on what you need to do to secure your 5%* p.a. return rewards:

(if you're a new user)

- [Sign up for a moomooSG universal account](#) Deposit S\$100 **before 16 November**
- Set your alarm to invest your S\$100 – S\$10k in the participating funds in moomoo Cash Plus on 17 November onwards

(if you're an existing user)

- Refer 1 friend now **before 16 November**, so you can score a booster of 5% p.a. rewards for 60 days

- Refer (up to 6) friends **between 17 Nov – 31 Dec 2022** to moomoo, *to extend your reward period by 30 days each*

And of course, you'd want to recommend your friends and have them benefit too, right? So in this case, do encourage them to:

- Deposit S\$100 and invest into the participating funds on moomoo Cash Plus from 17 November onwards
- Send them this article to show them how much they can make (minimally \$21.23 on \$100 to a maximum of \$143.28 on \$10k)

Investing the same in any fixed deposit / short-term endowment plan / Singapore Savings Bonds / MAS T-bills for now may not give you anything higher than the 5% p.a. during this same period, so go ahead and act now before the slots all get snapped up.
