

Wedding Part 2

Description

Holy Communion.

default watermark

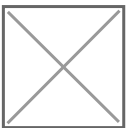

I choose you. (Wedding vows)

My gorgeous chapel set up.

Saying our vows under the gorgeous Cinderella floral arch!!! I loved that we took the \$500 risk to bring it in for the set up! First couple to have a floral arch especially on stage according to the venue folks haha

The moment when the JP says, you may now kiss your bride.

WE DID A SURPRISE DANCE FOR MY GROOM!!! His expression when I pushed him onto the chair was SO EPICCCCCC. So glad we pulled off the surprise! The emcees didn't even have a clue! ð???ð???

My groom seriously never saw this coming HAHA.

He was so stressed the whole afternoon about our first dance, whereas I was thinking more about the second dance because the steps there were harder!!!

Uploaded my first March In video!

How pretty was my stage?!? And the weather was perfecttttt.

My caterer, Manna Pot, did such a good job at our wedding! They paid so much attention to even the smallest details like naming the food dishes according to our theme, which the guests loved!

The dessert table and food was so popular! We ordered 15 dishes per guest expecting there to be plenty of leftovers but they ran out so quickly!!!

We had a big dream in mind â?? and it wasn't easy finding a vendor who could pull both the food and decor off so smoothly. Highly recommend you guys to work with them! But wait ah I asked for readers promo so will update more when I'm back from our honeymoon haha.

Bridal bling nails to match my Cinderella theme.

Also because:

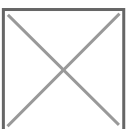

Something old, something new. Something borrowed, something BLUE.

I really was very happy that day haha.

This entire decor was done by Manna Pot Catering! I highly recommend them!!!

Walking down the aisle and seeing all my friends and loved ones was so surreal.

Florals by InsideTheKnot. My bridal bouquet was so pretty!

I wish I got the moment down in film when the bridal entourage saw me in my white gown and asked where I got it from.

ě??? : TAOBAO!!!

They didn't believe me. Lol but I really did get it custom made from Taobao!! No need to fly to Guangzhou wedding street when there's Taobao please.

My midnight blue Cinderella gown by The WarehouseBridal. #dayrebrides #budgetbrides you girls really need to check them out!

Went for a quick dinner catch up to meet my Australian penpal (best friends since we were 12!!!) and her boyfriend whom I've known for a few years now!
